

Samuel Hokopaura

I have been part of the Te Awhioraki executive team for 2 years now as both Engagement Officer and Wellbeing Officer where I have enjoyed getting involved with students, helping create a positive environment for Maori students and running events throughout the year. I have also been captain of the Lincoln Rigs Rugby team and played for Canterbury Māori Rugby. Through these experiences, I have developed strong leadership, teamwork and communication skills. I enjoy meeting new people, getting involved in events, and making sure everyone feels included and supported. I'm always keen to try new things, help others, and make the most of my time at Lincoln.
