Ko Whakarongorua te maunga

Tū te Ao, Tū te Pō

He uri tēnei nō Hokianga Whakapau Karakia, nō Ngāpuhi nui tonu

I am a third year Bachelors of Land and Property student majoring in rural valuation.

After two years serving as Tumuaki of Te Awhioraki, I'm standing for Kaituhituhi to continue contributing to the association from a different position.

My time as Tumuaki has given me a strong understanding of what Te Awhioraki needs to operate effectively, grow sustainably, and continue serving our tauira. I've learned that good leadership is not about the amount of kaupapa we can deliver, but the quality of them and positive impact they have on our students.

If I am able to stand on the executive for my fourth year, one of my goals is to establish a haka sub-committee in order to uplift our cultural capabilities as an association.

Furthermore, improving our record keeping and building a strong policy library may not be the most visible work, but it is essential to the longevity of Te Awhioraki. I understand the importance of leaving behind clear systems and accessible knowledge, so that each new executive does not have to start from scratch.
